About Gardner Bender

Since 1959, Gardner Bender® has been helping professionals and do-it-yourselfers to easily and safely install and maintain electrical wiring, devices and fixtures.

Gardner Bender is a division of Power Products LLC, a global, diversified electrical products company that designs, manufactures and distributes branded electrical tools, consumables, wiring products, harsh-environment power conversion solutions, transformers, inverters, switches, and other related electrical products and accessories.

Android is a trademark of Google Inc.

IOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

WiFi INSPECTION CAMERA

See behind walls, through pipes, and into ductwork to inspect wiring, appliances, and infrastructure in the safest, quickest and most cost-effective manner possible with the Gardner Bender® WiFi Inspection Camera.

This value priced device features a water-resistant and non-conductive (up to 500 volts), 3ft flexible tube with a dustproof/water-resistant 9mm camera and adjustable LED lighting at the tip allowing the user to view into spaces they cannot reach due to structural obstructions (like the inside of a wall or above a ceiling).

The device creates and utilizes its own private WiFi network — no need for a modem or internet connection — to transmit images from the camera to any iOS™ or Android™ enabled smart device via a free downloadable app. The resulting images are projected in full color and can be captured as still images or video for sending to other devices or people via email.

Powered by 4 AA batteries (not included) so you never need to wait to recharge or figure out how to dispose of and/or replace expensive lithium ion batteries.

Key Features:

Includes: Handle, 3 ft Flexible Tube, & Accessories (Hook, Mirror, & Magnet)

WIC-100 WiFi Inspection Camera:

- Creates its own WiFi signal to connect to user's smart-phone or tablet using the free application available for IOS™ or Android™ devices – NO INTERNET NEEDED!
- Water-resistant 3 ft flexible camera shaft is non-conductive up to 500 volts
- Full color live video output
- Captures stills and video for later review and/or to send to someone via email
- Lens mounted LEDs with adjustable brightness
- Includes useful accessories: hook, mirror, and magnet attachments to retrieve small items or see around corners
- E-mail video or pictures directly from app
- Only takes 4 AA batteries (not included)
- Transmits up to 30ft
