CP2000M MINI BRUTUS™ Cable Puller *with Power Drive*

THE CP2000M MINI BRUTUS™ JUST GOT BETTER!

Gardner Bender introduces the New CP2000M Mini Brutus™ 2,000# Cable Puller with the Power Drive included. The only cable puller in the industry that provides a versatile power drive unit for multiple uses. The New PT2000M Power Drive can be used to power the Mini Brutus Cable Puller or pipe threading. Include in the kit are adapters to fit 11R and 12R pipe threading dies and a foot switch for one person operation. Durable square tubular steel frame construction prevents buckling and the welded steel base improves stability. Multi-position adjustable arm increases versatility and allows cable pulls from any direction.
