The Tools Your Customers Want

Exclusive Features

Only ArmorEDGE™ tools have stainless steel, dual ground cutting blades for maximum durability and sharper cuts.

Superior Ease-of-Use

Over-molded Dual Grip™ rubber handles offer comfort and a choice of grip positions - forward or standard. Coil-return spring reduces fatigue on the job. Laser-etched markings are easy-to-read and won't wear off. Available in symmetrical and asymmetrical designs to fit any hand.

Try-Me Packaging

Your customers want to try out a hand tool before buying it, and GB makes this easy with half-clamshell packaging for ArmorEDGE™ products. The handles are exposed for the quick trial grip that will make the sale.
