

FAST 1 PERSON SET-UP

1 Pump main boom to 30°

2 Flip booms into position and lock

3 Align with conduit, properly adjust booms

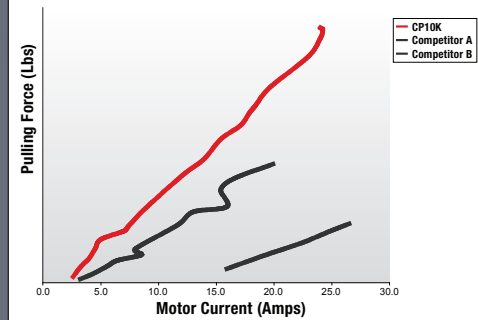

4 Place in conduit

- 1.7 HP motor
 - Provides constant pull speed through bends
- Non-reversing planetary gears
 - Capstan will not reverse and allow pulled cable to return
- Motor and gearing is designed specifically for heavy-duty cable pulling application

LOAD CELL READING VS. MOTOR CURRENT

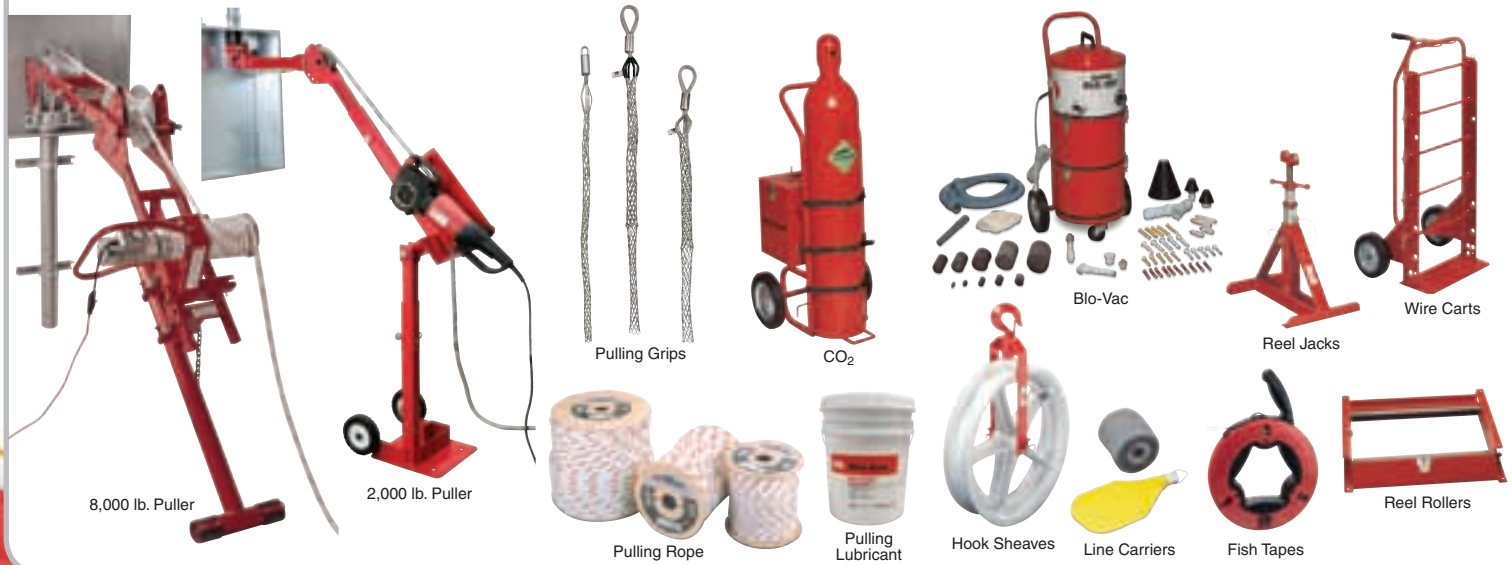

Above information based on actual test results received by measuring pulling force and amperage draw.

CP10K motor provides consistently strong pulling power at less amperage, which adds durability and a steady pull speed.

Ultra Brutus™ 10,000 lb. Cable Puller

FASTER. EASIER. SAFER.

It's tough out there. Shouldn't your cable puller be ready to work when you are?

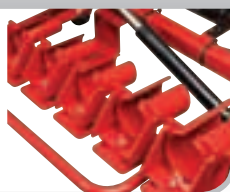

It will be, with the new Ultra Brutus™ 10,000 lb. Cable Puller from Gardner Bender®. Right away, you'll understand why it's the fastest, strongest, most operator-friendly puller on the market today:

Fast easy set-up. Flexible single-person design. No assembly required.
Created with optimum safety in mind. Mobile and portable.

Why waste additional man hours assembling, adjusting, dis-assembling and dragging your cable puller from different locations on the jobsite? Let the Ultra Brutus™ help you work faster, easier, and safer.

1 5 conduit adapters

- 2" - 4" adapters stored conveniently onboard
- Doesn't need to be fastened to conduit

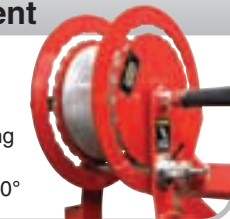

2 Extended boom

- Allows 12' of cable to be pulled from the conduit to the capstan

3 Quick toolless angle adjustment

- Spring loaded pin reduces risk of loss
- Faster positioning saves time
- Adjusts up to 300°

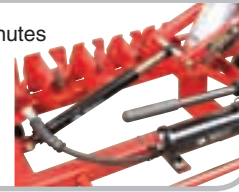

4 Easily change pulling direction

- Only requires one person
- Doesn't require disassembly
- Speeds up and simplifies set-up
- Safer for the user
- No tools required

5 Assisted boom lift

- Set-up in 2 minutes with 1 person
- Designed for optimal safety
- Adjust boom to any angle

7 Swiveling casters

- Moves easily on dirt and gravel

6 10,000 lb. pulling capacity

- Non-reversing planetary gear motor for consistent pulling power up to 10,000 lbs.

No assembly required

- No loose parts
- No tools required
- Includes footswitch

* Calculated from 2 people, 20 minutes each

The Gardner Bender Ultra Brutus™ 10,000 lb. Puller has an innovative design that features a 1 person set-up in under 2 minutes!

Requires No Assembly Space Saving Design

- Folds to 61" L x 28" W x 39" H
- Product weight 385 lbs.
