

INTRODUCING THE PERFECT MATE

The MOBILE BEND-MATE™

Ultra Eegor™ Bending Table

GARDNER BENDER. LET'S GET TO WORK.

NEW PRODUCT: Ultra Egor Mobile Bend-Mate™

The new Mobile Bend-Mate™ system empowers one person to setup, operate and finish a job faster than ever. As soon as you're ready, lock down the wheels and get to work. You have everything you need at your fingertips. All bending shoes, follow bars and pump are integrated into a unique design – even the hydraulic hoses are pre-installed and routed – to optimize setup and teardown time on the job site.

When one job is complete, the Mobile Bend-Mate™ makes it easy to move from one location to the next. Four heavy duty swivel casters pivot in any direction to help you wheel the entire system just about anywhere since it fits through a standard 32" doorway. Built-in forklift pockets are available for lifting on all four sides.

At the end of the work day, the Mobile Bend-Mate™ is designed so you can easily secure shoes, follow bars, pump and bender for overnight storage on the job site.

Benefits and Features:

 **Integrated Components**
NO JOB BOX!

360°
PIVOT

FITS THROUGH 32" DOORWAY
(28" Wide Table)

Ultra Egor™ Long Stroke Bender

Work/Bending Area

Pivot Pin Storage

Front Swivel Casters With Foot Lock

Redesigned Bend Labels For Easy Readability

Rear Locking/Unlocking Casters For Increased Mobility

Protected Hose Routing

IMPROVED

ULTRA EEGOR™ HYDRAULIC BENDER

Bends 2½" to 4" conduit:

- Rigid
- Rigid aluminum (schedule 40 max)
- EMT
- IMC

No additional attachment sets required to change per pipe or conduit type.

- 30 ton, 28" stroke cylinder can make a 90° bend with one pass.
- Double-acting cylinder for rapid retraction, regardless of hose lengths and system losses.
- Improved shoes and follow bars to reduce conduit kinking during bending.
- Hydraulic power ensures the smoothest bends without deformations to the conduit.
- Conduit is automatically stripped free from the shoe during the return cycle which ensures no extra labor or damaged conduit.
- Angle markings on frame ensure easy and accurate bending.

PART #	DESCRIPTION
MB400	Mobile Bend-Mate™ Table Only
MB400L	Ultra Eegor™ with Mobile Bend-Mate™ Table with Complete Shoe Groups - w/o Pump
