

NEW! Electrical Chemicals

100% OZONE SAFE

MADE IN THE USA AND DESIGNED WITH EASY TO IDENTIFY PACKAGING TO GUARANTEE CUSTOMERS HAVE EXACTLY WHAT THEY NEED TO COMPLETE THEIR NEXT PROJECT.

ELECTRICAL LUBRICANT

CONTACT CLEANER

DIELECTRIC GREASE

ELECTRICAL DEGREASER

COMPRESSED
AIR DUSTER

About Gardner Bender

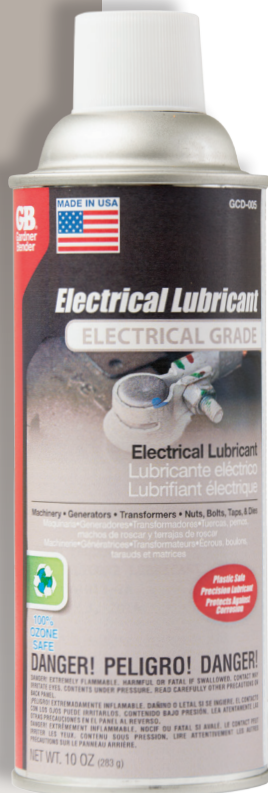

Since 1959, Gardner Bender® has been helping professionals and do-it-yourselfers to easily and safely install and maintain electrical wiring, devices and fixtures.

Gardner Bender is a division of Power Products LLC, a global, diversified electrical products company that designs, manufactures and distributes branded electrical tools, consumables, wiring products, harsh-environment power conversion solutions, transformers, inverters, switches, and other related electrical products and accessories.

NEW! ELECTRICAL CHEMICALS

ELECTRICAL LUBRICANT

CLEANS, LUBRICATES, PENETRATES AND LOOSENS CORROSION

USAGE/FEATURES

- Container Size: 10 Oz.
- Displaces moisture to prevent corrosion.
- Helps restore water-damaged electrical equipment caused by humidity, water penetration, condensation or corrosion.
- Safe on plastics.
- Restores resistance values and helps stop current leakage.
- For use on connectors, relays, circuit breakers, switchgear, motors, generators, electronics, etc.

GB SKU	UPC	MSRP	QTY PER MASTER
GCD-005	032076920906	\$8.99	6

CONTACT CLEANER

USED FOR EFFECTIVE REMOVAL OF GREASE, OIL, CORROSION AND SLUDGE FROM ELECTRICAL EQUIPMENT

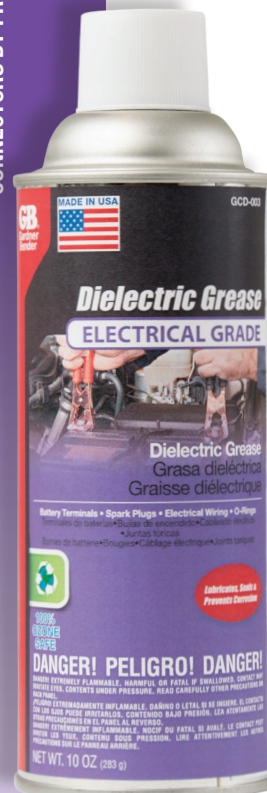

USAGE/FEATURES

- Container Size: 11 Oz.
- Liquid is a non-flammable, chlorinated, non-ozone depleting cleaner designed for use on items that carry an electrical current.
- For use on circuit breakers, electronic relays, switches, terminals, sensors, contacts, circuit boards or motor controls.

GB SKU	UPC	MSRP	QTY PER MASTER
GCD-002	032076920845	\$8.99	6

DIELECTRIC GREASE

INSULATING GREASE THAT PREVENTS CORROSION OF ELECTRICAL CONNECTORS BY PREVENTING ACCESS BY WATER

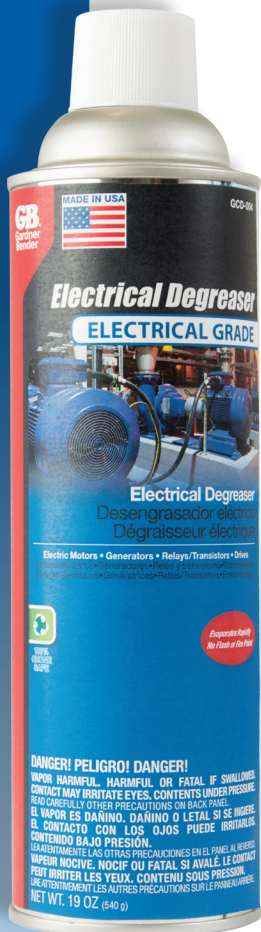

USAGE/FEATURES

- Container Size: 10 Oz.
- Improves electrical performance during adverse conditions such as rain, fog, salt spray and temperature extremes.
- Recommended for use with spark plugs, electrical panels, outdoor lighting, transformers, battery terminals, o-rings and rubber and plastic parts. Lengthens the life of connectors.
- Silicone compound helps maintain electrical performance by reducing line sag, arcing, voltage drops and problems caused by adverse weather conditions.

GB SKU	UPC	MSRP	QTY PER MASTER
GCD-003	00032076920869	\$8.99	6

ELECTRICAL DEGREASER

USED FOR FURTHER SURFACE FINISHING TO BE DONE PROPERLY IN REMOVAL OF GREASE, OIL AND SLUDGE FROM ELECTRICAL CONTACTS

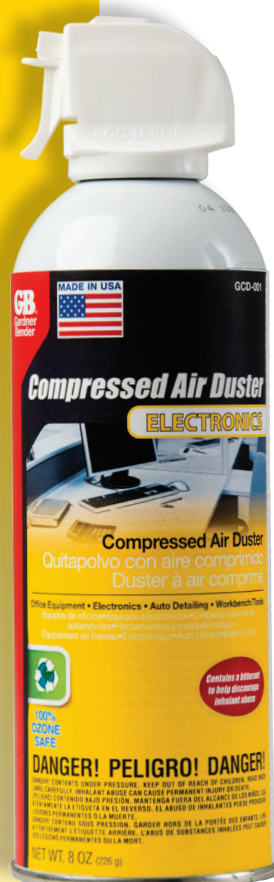

USAGE/FEATURES

- Container Size: 19 Oz.
- Evaporates completely, leaving no residues on cleaned surfaces.
- No Flash or Fire Point.
- For use on electric motors, generators, air tools, material handling equipment or metal cleaning machinery.

GB SKU	UPC	MSRP	QTY PER MASTER
GCD-004	00032076920883	\$8.99	6

COMPRESSED AIR BLASTER

USED FOR CLEARING DEBRIS FROM ELECTRONIC EQUIPMENT THAT CANNOT BE CLEARED USING WATER

USAGE/FEATURES

- Container Size: 8 Oz.
- Contains bitterant to discourage inhalant abuse
- Contains a safe propellant (Difluoroethane) ideal for cleaning computers, non-energized machinery, switches, auto detailing and a number of other applications needed to clear debris.

GB SKU	UPC	MSRP	QTY PER MASTER
GCD-001	032076920821	\$8.99	12

- Color Coded to ensure the correct product is selected
- Updated design with color photographs
- English, Spanish, and French on every label

100% OZONE SAFE
