NEW *Gardner Bender* *Adjustable Auto Wire Stripper*

Wire stripping has never been easier. Take the guesswork out of stripping wire and make it quicker and more precise than ever. Use this 5-in-1 multi-purpose tool to cut and strip copper and aluminum wire (solid or stranded) or to crimp insulated terminals, non-insulated terminals and ignition terminals.

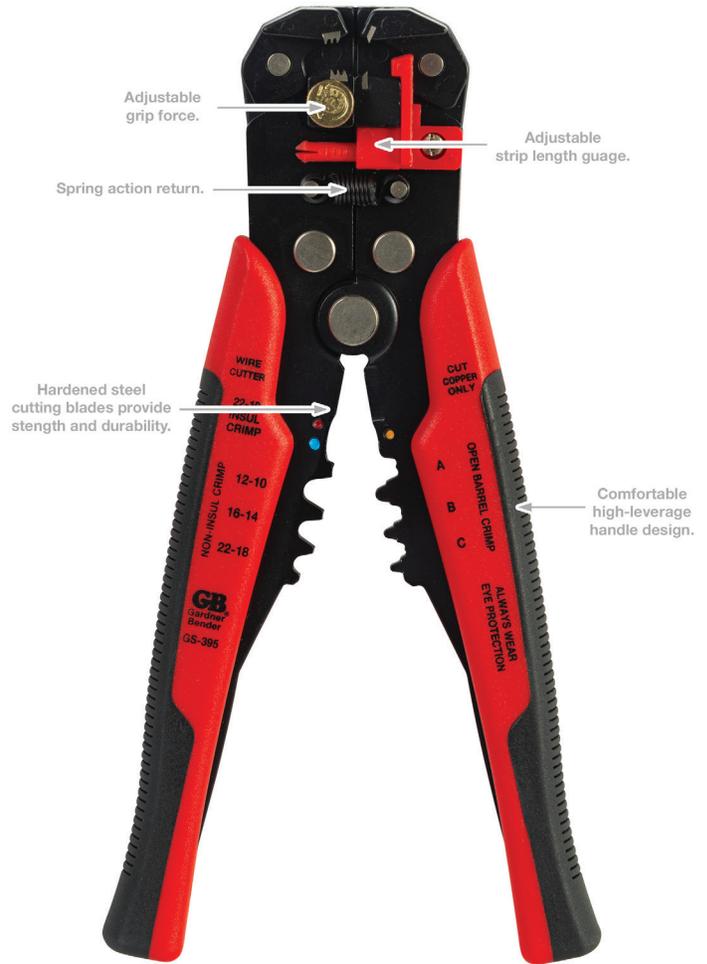

The adjustable tensioning wheel allows for precise stripping of smaller gauge wire. Use the adjustable strip length gauge to strip the correct length of wire every time. This multi-tool auto wire stripper is perfect for almost any job and especially for applications where multiple different wire types and sizes are present. It's reliable and durable. The perfect addition to any tool box!

Features:

- Automatic jaw-loaded wire stripper self-adjusts to the correct wire gauge size
- Cut and strip 10-26 AWG copper or aluminum wire, solid or stranded
- Crimps 10-22 AWG insulated, non-insulated and open barrel terminals
- Adjustable strip length gauge
- Adjustable grip tension force

NEW Adjustable Auto Wire Stripper

A PERFECT ADDITION TO THE COMPLETE ASSORTMENT OF GB® WIRE STRIPPERS
