

Easy Snap-In Bushing

360° Protection

NEW

Stud Bushing

Introducing our new Stud Bushing.

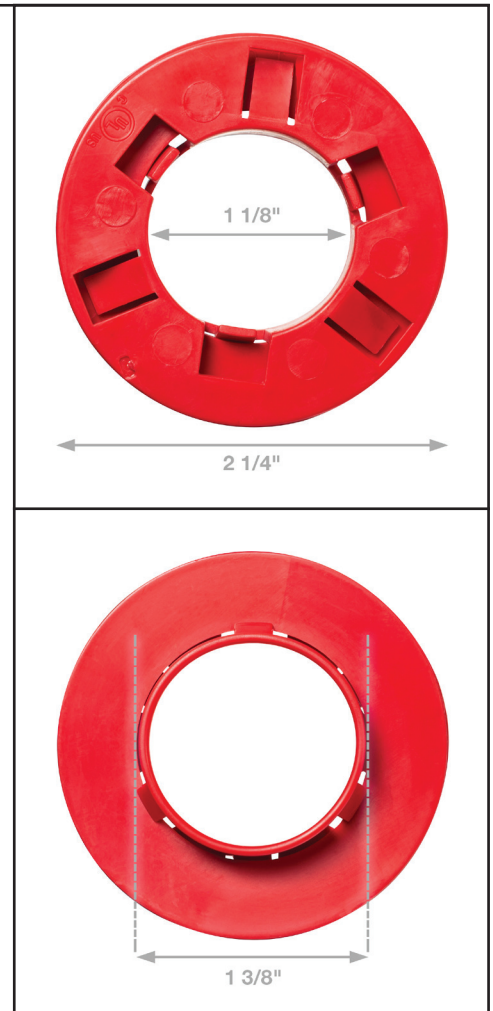

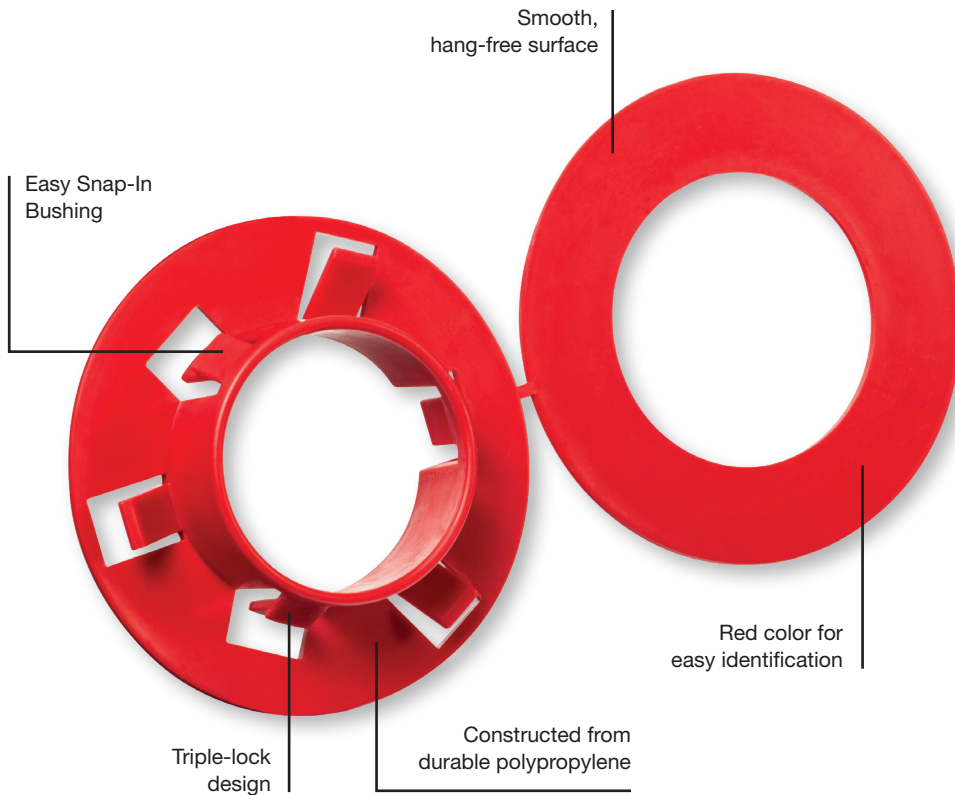

Universal Stud Bushing provide code mandated 360° protection for cable runs through increasingly popular metal studs, where sharp hole edges could otherwise gouge plastic or rubber-jacketed electric, communications or network cable. The smooth, hang-free surface eases pulls, while the design accommodates any shape pre-punched hole or standard field-punched holes.

FEATURES:

- Easy Twist and Snap
- Red color for easy identification
- Allows for compliance with NEC 300.4 (B)(1)
